

Assisted Living License Resource Manual

POLICY AREA	Dementia License Policies
TITLE OF POLICY	3.11 ALDC Transportation Coordination
STATUTE/RULE REFERENCE (if any)	144G.82 Subd. 3 (9)
EFFECTIVE/REVISED DATE	12/06/2021

POLICY: As an Assisted Living with Dementia Care licensed facility, SilverCrest Properties (SCP) will help assist with, and coordinate, transportation to and from outside appointments for residents with Alzheimer's disease or other dementias. SCP communities encourage families to utilize services that come on site at the community as much as possible to avoid the need for residents to travel outside the community for appointments.

PROCEDURE:

1. The front desk receptionist or designee will assist families in coordinating transportation on the campus bus, which is wheelchair accessible or with an external transportation company designated by family, to and from outside appointments as needed.
2. If resident requires a companion for the visit, family will arrange for companion services.
